Procentrix is a trusted integrator and premier provider of Microsoft expertise and technology solutions to federal agencies. Since 2006, we have partnered with customers to modernize legacy systems and transform operations by adopting innovative cloud, AI, and data-centric solutions. By rapidly implementing secure, scalable solutions that leverage AI and automation, we help agencies streamline manual processes, improve operational efficiency, and boost workforce productivity. Our pre-built solution frameworks utilize COTS platforms to maximize existing IT investments. We use low-code technologies to configure and tailor solutions to customer missions, avoiding costly custom-coded solutions.
